Operations and certification progress	
Activities undertaken to promote sustainable palm oil (period between 1 Jul 2010 - 20 Jun 2011) or to date	We presented at three U.S. Conferences that were attended by zoo professionals from the U.S. and other countries, educating attendees on palm oil issues and discussing how they can help make a difference. We also heavily promoted having other zoos become members of the RSPO. We deliver messages regarding using CSPO to over 550,000 guests visiting our Zoo each year. We developed a tool kit for other zoos to use to educate their guests about palm oil which includes a RSPO member shopping guide. We held several events at our Zoo to raise awareness about palm oil issues and how individuals can make a difference for saving orangutans and other wildlife. We facilitated having a local US company, Justin's Nutbutter, join the RSPO. Lastly we created a YouTube video on sustainable palm oil located at www.youtube.com/watch?v=ZJOrgAE8XMw .
