7.2 What best practice guidelines or information has your organisation provided in the past year to facilitate the uptake of RSPO-certified sustainable palm oil and oil palm products? What languages are these guidelines available in? We have organised a training for all the sales team inorder to explain RSPO certification rules, the idea behind certified PO and PKO and importance of switching to sustainable raw materials. Our project managers are therefore equipped in proper knowledge to indicate all benefits of CSPO and CSPKO, so they can convince our customers to move from regular products to sustainable ones. Also Betasoap supports its customers with trainings and training material regarding sustainable palm oil (available both in English and Polish).
