5. Actions for Next Reporting Period

5.1 Outline activities that you will take in the coming year to promote the use of RSPO-certified palm oil and oil palm products along the supply chain.

We will continue to educate and train our staff to be able to explain and breakdown of the supply chain and the benefits of joining RSPO. A number of our customers are unable to pass on the membership costs along with the premiums charged for CSPO supply. We are trying to convert customers over to achieve MB as our entry level oil based products.
