**3.3.1 If the previous target year for PT.3.3 has not been met, please explain why.**

Not all of our customers request RSPO certified products and do not want to pay the higher price required to give RSPO products. We are not in the food industry, and if there is not a demand for RSPO, then there is not a pull to supply that type of product.

-

**3.5 If the TimeBound Plan commitments declared above do not cover all countries in which the member sells goods with palm oil or palm oil products, please explain why**

**3.6 How does your company proactively promote RSPO and RSPO-certified sustainable palm oil and oil palm products to your customers?**

We do not yet promote, since we are not yet certified. We are pursuing RSPO because of interest and requests from our customers.
