Control Union Malaysia Sdn Bhd is a member of the Control Union World Group - an international inspection and certification body. CUC performs assessments and certification in many agricultural based fields such as FSC, RSPO, and Organic production, Sustainable Textile Production, Organic Exchange, GLOBALGAP, HACCP, BRC, GMP and GTP. CUC is accredited by the Dutch Council of Accreditation (RVA) on the European quality standard EN 45011 for the inspection and certification of CU Organic program (according to the EU regulation 2092/91) and GLOBALGAP program. When requested, a copy of the accreditation certificate can be obtained from CUC.

Stakeholder consultation is one of the most important parts in certification process; during which relevant national, regional as well as local stakeholders are asked to give their views and opinions as to whether the applicant's certification units comply with the requirements of the applicable National Interpretation.

We invite all stakeholders to take part in this consultation procedure as you can make a positive contribution to the certification decision. We ask you to raise any issues, both positive and negative, by sending a written response by mail, fax or by E-mail to our Control Union Malaysia Sdn Bhd office as indicated below.

For your guidance, you may consider the following points:

- Environmental protection.
- Biodiversity conservation.
- Opportunities for employment.
- Provision of housing, sanitation, amenities and educational support.
- Company approach to community development.
- Participation in decision making.
- Any other issue, both positive and negative that you consider may be of relevance to the assessment.
- Issues relating to other plantations owned by the company not included in this assessment.
- A copy of the applicable RSPO standard for the country, in which the assessment is being conducted, is available from www.rspo.org. Alternatively please ask Control Union Malaysia Sdn Bhd for a copy.
