2.5 According to the information you have provided in this questionnaire, your company has not reached 100% sustainable palm yet by using the four supply chain models (Book and Claim, MB, SG, IP). Do you have plans to immediately cover the gap by using RSPO Credits?

No

2.5.1 When do you plan to cover the gap by using RSPO Credits?

2.5.2 Please explain why

For some of our customers, the RSPO MB certified products or even B&C is still too expensive. Some of them don't want to pay a premium for RSPO.

Cover 100% in B&C or RSPO MB certified is challenging for us and our customers.
