Challenges

1 What significant economic, social or environmental obstacles have you encountered in the production, procurement, use and/or promotion of CSPO and what efforts did you make to mitigate or resolve them?

The economic issue remains an obstacle since the RSPO products have an additional cost that customers, both small and large companies are still not willing to pay In Negotiations with our clients inform them about the use of RSPO palm and its derivatives and the benefits of being recognized in the use of sustainable palm

2 How has your organization supported the vision of RSPO to transform markets? (e.g. Funding; Engagement with key stakeholders; Business to business education/outreach)

Negotiations with our customers inform them about the use of palm RSPO and its derivatives as well as the benefits of being recognized as a company that uses sustainable palm
