We think that there is a need to increase recognition and understanding of RSPO in Japan. In order to cultivate a better understanding of RSPO, we took part in an event "JaSPOC; Japan Sustainable Palm Oil Conference" in Tokyo in 2016, 2017 and 2018.

At this event, we shared information on variety of problems about production and efforts for sustainability of palm oil with stakeholders.

In addition to this, we dialogued with our suppliers about our procurement.

Moreover, we discussed about what action our company can take for them at committee in our company.

Others:

- Gave our factory visitors lecture on RSPO, countries of palm oil producers and our activities.
 - Visited school and gave students special lessons about sustainability.
