Our biggest challenge, aside from the price premiums of CSPO, has been availability of supply. While mass balance is available and being purchased in North America, the infrastructure is not yet set up for true Segregated Supply. ARYZTA continues to work with customers and encourage our industry to move towards sustainable, traceable options in sourcing palm oil. 15 of our North American bakeries are currently certified to handle Mass Balance palm oil, with an annual audit to be conducted in July of 2019. We currently not experiencing any challenges in Europe, where we are currently purchasing Mass Balance and Segregated Supply. If and when additional ARYZTA customers outline expectations around using CSPO, we will continue to make the necessary investments and provide solutions to meet their ingredient standards in those markets which are not yet using 100% CSPO.
