Challenges

1 What significant economic, social or environmental obstacles have you encountered in the production, procurement, use and/or promotion of CSPO and what efforts did you make to mitigate or resolve them?

The high cost of implementation and maintenance of the system, additional costs of delivery in accordance to the system mass balance, that need to be transferred to the product

2 In addition to the actions already reported in this ACOP how has your organization supported the vision of RSPO to transform markets in other ways? (e.g. Funding; Engagement with key stakeholders; Business to business education/outreach)

Periodic training in terms of RSPO, improving employee awareness
