Environmental and/or Conservation NGO**1. Operational Profile****1.1 What are the main activities of your organisation?**

The Singapore Environment Council (SEC) is a non-government, non-profit organisation focused on conservation of the environment. The key activities would include eco-labelling of products and educating the public to conserve the environment.

SEC does this through formulating and executing a range of holistic programmes and certifications, such as the Singapore Environmental Achievement Awards, Asian Environmental Journalism Awards, School Green Awards, Green Champions, Singapore Green Labelling Scheme, Project: Eco-Office, Project: Eco-Shop and Project: F&B to bring about the 'Green' message to consumer and community at large.

1.2 Does your organisation use and/or sell any palm oil?

No

1.3 What activities has your organisation undertaken to publicise programmes to support RSPO, RSPO certification, uptake of RSPO-certified sustainable palm oil and oil palm products and/or good standing RSPO members during the year?

SEC participated in the Singapore Alliance for Sustainable Palm Oil (SASPO) that aims to make CSPO the norm to stop the haze as well as deforestation and habitat loss in the region. It provides a platform for companies to come on a sustainable journey towards producing, trading and using certified sustainable palm.

Under the Singapore Green Labelling Scheme (SGLS) administered by SEC, there is a product category for products containing palm oil, in order to encourage producers to use RSPO certified palm oil in the final product.

In the evaluation of the certification process, the SGLS Secretariat would actively look out for the supporting documentation such as suppliers' (RSPO members) complete set of ACOP documents and a set of the audit report.

In addition, we also engage with retailers such as NTUC to promote the use of sustainable palm oil through education campaign.
