Time-Bound Plan

3.1 Date of first supply chain certification (planned or achieved)

2014

3.2 Date expected to/or started to use any RSPO certified sustainable palm oil and oil palm products in your own brand products

2013

3.3 Date expected to be using 100% RSPO certified sustainable palm oil and oil palm products from any supply chain option in your own brand products

2018

Comment:

Aiming to comply with RSPO requirements, within 5 years of starting to use CSPO. Some of our suppliers of smaller component items which use trace amounts of palm are not always available in a CSPO option. We are working with suppliers on a case by case basis to source alternatives where possible.

3.4 Date expected to be using 100% RSPO certified sustainable palm oil and oil palm products from physical supply chains (Identity Preserved, Segregated and/or Mass Balance) in your own brand products

2018

Comment:

Aiming to comply with RSPO requirements, within 5 years of starting to use CSPO. Some of our suppliers of smaller component items which use trace amounts of palm are not always available in a CSPO option. We are working with suppliers on a case by case basis to source alternatives where possible.

3.5 In which markets where you operate do these commitments cover?

United Kingdom

7.2 What best practice guidelines or information has your organization provided in the past year to facilitate the uptake of RSPO certifie What languages are these guidelines available in?

As part of our supplier approval program we only source (where possible), RSPO certified materials/components if available. This requirement for reiterated within our supplier self audit questionnaire (SAQ) where various questions are asked around RSPO and certificated obtained where relevulnerability/authenticity risk assessment are also required to complete a full supply chain map. This is an ongoing requirement for all new and extremewed/reviewed on an annual basis.

We use a database provider to collate the information requested within our SAQ's and thus the details can be translated into a multitude of langua information.

Uploaded files: --

GHG Emissions

8.1 Are you currently assessing the GHG emissions from your operations?

No

Please explain why

we don't measure GHG but we do monitor energy, water and waste and also Carbon Footprint.

Support for Smallholders

9.1 Are you currently supporting any independent smallholder groups?

No

Do you have any future plans to support independent smallholders?

No

Challenges

1 What significant economic, social or environmental obstacles have you encountered in the production, procurement, use and/or promotion of CSPO and what efforts did you make to mitigate or resolve them?

Some of our suppliers of smaller component items which use trace amounts of palm are not always available in a CSPO option. We are working with suppliers on a case by case basis to source alternatives where possible.

2 How has your organization supported the vision of RSPO to transform markets? (e.g. Funding; Engagement with key stakeholders; Business to business education/outreach)

See details in question 5, this is ongoing
