#### **Challenges**

1 What significant economic, social or environmental obstacles have you encountered in the production, procurement, use and/or promotion of CSPO and what efforts did you make to mitigate or resolve them?

Cheese suppliers have tried to use it to leverage cost negotiations. Our commitment has forced suppliers to consider it a cost of doing business.

2 In addition to the actions already reported in this ACOP how has your organization supported the vision of RSPO to transform markets in other ways? (e.g. Funding; Engagement with key stakeholders; Business to business education/outreach)

Business to business education as many cheese suppliers are not familiar with RSPO and its efforts.
