Challenges

1 What significant economic, social or environmental obstacles have you encountered in the production, procurement, use and/or promotion of CSPO and what efforts did you make to mitigate or resolve them?

As a supplier of private label brands our customers state what their policies are and what can and cant be used. we therefore follow their policies and mask decisions / purchases in line with these policies.

2 In addition to the actions already reported in this ACOP how has your organization supported the vision of RSPO to transform markets in other ways? (e.g. Funding; Engagement with key stakeholders; Business to business education/outreach)

e work with our suppliers to ensure that products comply with pur customer standards and specs
