Commitments to CSPO uptake

# Hada S.A.

As you don't source 100% CSPO through physical supply chains (IP/SG/MB), please answer the following questions: Do you have plans to?

Yes

#### Please specify

We will promote the use of RSPO certified palm oil products if price difference from sustainable palm oil suppliers against ordinary palm oil suppliers allow us to maintain required market competitiveness

#### 9.1 Do you have plans to immediately cover the gap using Book & Claim?

No

#### Please explain why

Book and Claim in palm oil is viable (USD\$, 080 per ton) but Book and Claim in palm kernel oil is not viable (USD\$ 39,50 per ton). This will be not economically viable. We truly don't understand the reason for this hughe gap between palm oil and palm kernel oil.

#### **Concession Map**

Do you agree to share your concession maps with the RSPO?

No

Please explain why

N.A.

# Challenges

1 What significant economic, social or environmental obstacles have you encountered in the production, procurement, use and/or promotion of CSPO and what efforts did you make to mitigate or resolve them?

Our main business is bar soap, mass consumption product, where price is the main driver. The higher cost of RSPO palm oil will leave us without the competitiveness required by the market. At Colombia and Ecuador some of RSPO principles have been fullfiled, but complete RSPO development has been limited.

2 How would you qualify RSPO standards as compared to other parallel standards?
Cost Effective:
Yes
Robust:
Yes
Simpler to Comply to:
Yes
3 How has your organization supported the vision of RSPO to transform markets? (e.g. Funding; Engagement with key stakeholders; Business to business education/outreach)
We only manufacture bar soaps from 100% vegetable base soap. We encourage our clients (third customers) the use of sustainable sources for the manufacturing of their bar soaps.
4 Other information on palm oil (sustainability reports, policies, other public information)
Hada is committed with Global Compact Principles. Among 2014 results were 12% reduction on packaging material and packaging

development with 80% of recyclable material.

We are BPM ICA, BASC and COFACE certified. Being consistent with Global Compact Principles we are active members of RSPO and encourage business relations with RSPO certified companies. Taking into account our Social Responsibility commitment, on 2014 we

maintain our minimum salary rate 35% above the established by Colombian law and encourage gender equity having 179 women employed (45% of employees).
