Actions for Next Reporting Period

7.1 Outline actions that you will take in the coming year to advance your plans for certification

Hondupalma has already carried out a pre-audit of RSPO and is finalizing the action plan to make the corrections, recently the LUC analysis was already approved by RSPO and we are preparing the conceptual note of the remediation and compensation plan. We expect to get approval from the plan to request the certification audit this year as planned.

7.2 Outline actions that you will take to promote CSPO along the supply chain

Participating in events organized by the consortium, published by our participation in the certification process. Notifying customers our membership in the RSPO and the progress we have made to make our sustainable business, environmental and social commitments. Following the dissemination of environmental issues in schools and colleges in neighboring communities. Showing to the community the value-added palm oil certification in environmental protection and community development.

8.1 If you have not disclosed any of the above information, please indicate the reasons why

Support Smallholders

9.1 Are you currently supporting any independent smallholder groups?

Yes

9.2 How are you supporting them?

Hondupalma supports independent producers with technical assistance, plants and credit inputs. Trains producers on issues related to agricultural practices and sustainability.

Challenges

1 What significant economic, social or environmental obstacles have you encountered in the production, procurement, use and/or promotion of CSPO and what efforts did you make to mitigate or resolve them?

Some legal order processes are a bit bureaucratic, taking a long time to resolution of permits and licenses. The low availabilities of experts on the standard in the country, to validate the processes are performing. We have made use of NGOs consortium to have the right professionals to help in these processes.

2 How has your organization supported the vision of RSPO to transform markets? (e.g. Funding; Engagement with key stakeholders; Business to business education/outreach)

Hondupalma has provided both financial and human resources in the process of implementing the standard, participating in public diffusion events, training community schools on environmental issues, and informed our customers about the progress in the process of obtaining the certificate of RSPO. There is a commitment in writing to the consortium gift manifests our participation with a counterparty that involves investments such as biogas plant, composting plant and the formation of a structure for the implementation and monitoring of progress in implementing the principles and RSPO criteria.
