Challenges

1 What significant economic, social or environmental obstacles have you encountered in the production, procurement, use and/or promotion of CSPO and what efforts did you make to mitigate or resolve them?

For intermediate material manufacturers like us, the proportion of RSPO-certified ingredients used depends on customer's demand. So we explained the importance of RSPO to business partners.

2 In addition to the actions already reported in this ACOP how has your organization supported the vision of RSPO to transform markets in other ways? (e.g. Funding; Engagement with key stakeholders; Business to business education/outreach)

We explained the importance of RSPO to business partners.
