Time-Bound Plan

3.1 Year of first supply chain certification (planned or achieved)

2010

Comment:

As a biodiesel in Europe, Mercuria transacts only EU certified products such as ISCC, 2Bvs or REDCert. Mercuria has then no specific plan to implement an RSPO certification for the time being. Our supply chain is however 100% compliant with certification schemes

3.2 Year expected to/or started to handle/trade/process any RSPO-certified palm oil and oil palm products

2015

Comment:

Not applicable at the date of report

3.3 Year expected to achieve 100% RSPO certification of all supply chains

2015

Comment:

Not applicable as Mercuria still does not trade RSPO certified PO-based products. Mercuria trades 100% ISCC and other European certification schemes PO based products.

3.4 Year expected to only handle/trade/process 100% RSPO-certified palm oil and oil palm products

2020

Comment:

No plan yet. Mercuria will implement an RSPO certified PO trading system if needed in the region it operates.

3.5 Which countries that your organization operates in do the above own-brand commitments cover?

Switzerland

3.6 How do you proactively promote RSPO and RSPO certified sustainable palm oil and oil palm products to your customers?

Whenever the opportunity arises, Mercuria will promote RSPO certified sustainable products within its value chain. Being active in Europe, Mercuria complies to relevant certification schemes but is obviously prepared to promote RSPO Palm Oil should it becomes a relevant scheme in our market.
