25 May 2018 | 3.30-6.00pm | Meeting No. 5/2018

Meeting location: *Jakarta Conference Room, RSPO Kuala Lumpur - Malaysia*

Major unrest is brewing in Honduras post the elections. There were a series of reports in the foreign press relating to the land around Baja Aguan area, at a concession owned by one of RSPO's certified members, Aceydesa. The allegations are related to land grabbing, social and FPIC related issues amongst the Garifuna indigenous community. Since it's a certified unit, our certification team has already contacted the CB, Control Union, who is supposed to initiate a re-audit. This was initially scheduled for the 8th December 2017 but given the current unrest, they have postponed it to this year. We are on standby and have received a media query from a Swiss press source and we have given our usual response. This matter is on high alert.

25 May 2018 (CP Meeting)

It is still being monitored.

b) Bumi Sawit Kencana II (Central Kalimantan) /Wilmar International

An incident happened on 18 December 2017, at a Wilmar concession in Central Kalimantan, where 2 workers were allegedly shot by the BRIMOB. They are currently hospitalized in Sampit. Upon receiving the information on 20 December morning, CH immediately followed up with the company giving them 24 hours to respond. We later received letters from several NGOs notifying us of the incident. Wilmar responded on 21 December 2018 alleging that it was an incident involving several workers attempting to steal FFB. Wilmar's security forces had allegedly tried to control the situation but when the individuals allegedly resisted they had sought the assistance of the Brimob. The BRIMOB allegedly first shot up in the air followed by shooting at the workers. They had allegedly used rubber bullets but the workers were still injured.

21 February 2018 (CP Meeting)

The NGO has responded to RSPO, they were asking on the classifications of the complaints as formal and others as not formal. As this is not a formal complaint, there will no information related to this case on the case tracker. This case is still under the investigation of the police. We haven't received any updates on this.

25 May 2018 (CP Meeting)

According to chronology provided by Wilmar, after the investigation the police informed them that:

- i. Action by the BRIMOB team was in accordance to the BRIMOB procedure.
- ii. The suspects were considered as acting against the law and their actions are considered as criminal action.
- iii. To immediately informed to all the relevant government bodies. (Aparat Negara Setempat).
- iv. Any blockade and tents which was constructed by the suspect at the scene was to be demolished by the Police personnel to safeguard any untoward incidence.

- i. Women forced to work long hours under the threat of having their pay cut, paid below minimum wage and kept in insecure employment without pensions or health insurance;
- ii. Children as young as eight doing hazardous, hard physical work, sometimes dropping out of school to help their parents on the plantation;
- iii. Workers suffering severe injuries from paraquat, an acutely toxic chemical banned in the EU and by Wilmar itself;
- iv. Workers being made to work outdoors without adequate safety;
- v. Workers having to work long hours to meet ridiculously high targets, some of which involve highly physically demanding tasks".

9. Request for Reopening the case: PT Gunta Samba Jaya/PT SIMP

Greenpeace, upon releasing their investigative report, **Dirty Bankers**, which exposes HSBC's role in funding palm oil companies linked to environmental and human rights abuses followed up with RSPO on the PT Gunta Samba Jaya and Indofood/PT SIMP filed in 2013. The case remains unresolved after Indofood CEO Mark Wakeford informed RSPO that "[Indofood does] not have any shareholding in PT Gunta Samba Jaya and it is not part of the IndoAgri or SIMP Group."

Greenpeace claim that their analysis of the company deeds and corporate structures revealed considerable overlap between PT GSJ and its parent companies, and other Salim Group businesses.

In light of this evidence they are formally requesting that the Complaints Panel re-examine the case against PT Gunta Samba Jaya / PT SIMP.

Date filed	13 October 2017
Nature of complaint	A complaint was initially lodged in 2012 on allegations related to land matters. It was dismissed in April 2015 when Bumitama said that they were planning to divest the property and no longer had management control. However, in this request for reopening of the complaint, Sawit Watch has made allegations that although Bumitama claimed to have divested the property they continued to have management control. Further, in July 2016 Bumitama had repurchased the concession unit. Thus, the request for reopening is on the basis that Bumitama allegedly made deceptive claims before the Complaints Panel. The Complainants further claim that Bumitama had not submitted NPP despite the land clearance.
