Member Organization	Woolworth Ltd.
Membership category	Retailers
Country	Australia
Complainant	Palm Oil Investigation
Date filed	8 December 2016
Nature of complaint	<p>Allegation:</p> <ul style="list-style-type: none"> Woolworths' labelling on pack mentioned that the product contains either certified sustainable palm oil OR sustainable palm oil without any RSPO approved audits. Woolworths are using non RSPO approved FINANCIAL auditor Deloitte to audit the supply chain certification to back up the claims. As Woolworths use close to 1,000 contract manufacturers (not all of which are using palm), it would be impossible for all these certification claims to be correct as there are only around 100 certified manufacturers in Australia that have undergone official audits. The majority of these manufacturers are NOT contracted by Woolworths. It is alleged that Woolworths has breach the RSPO Communications and Claims Rules, RSPO Code of Conducts. <p>The case has been referred to the Communication and Claims (C&C) Standing Committee for technical analysis.</p>
Status	Box F. Action Plan
Decision /Justification	Progress report to be reviewed by the Outreach & Engagement Department of RSPO. Case to be closed upon satisfactory review of the report.

Nature of complaint	<p>Allegation:</p> <p>Coles are labelling on pack that the product contains either certified sustainable palm oil OR sustainable palm oil without any RSPO approved audits.</p> <p>Please also be aware that as Coles use close to 1,000 contract manufacturers (not all of which are using palm), it would be impossible for all these certification claims to be correct as there are only around 100 certified manufacturers in Australia that have undergone official audits. The majority of these manufacturers are contracted by Coles.</p> <p>COLES CLAIM THAT</p> <p>All Coles brand food and drink products now contain RSPO certified palm oil from physical supply chains. This represents almost all of the palm oil used in Coles brand products. Non-food Coles brand products are made with RSPO certified palm oil from either physical supply chains or book and claim (Green Palm).</p> <p>AND</p> <p>Coles' brand food and drinks now use sustainable palm oil. More than 3,000 tonnes of palm oil used by Coles comes from a sustainable source. The conversion program for our non-food products is also underway and in May 2015, we launched Coles Hand Sanitisers with sustainable palm oil. The use of palm oil in Coles Brand non-food products has been offset with GreenPalm certificates while the conversion program take place.</p> <p>POI have been engaging with Coles on this issue often and for quite some time, however when we ask for their official audit certificates, they cease responding.</p>
