Challenges

1 What significant economic, social or environmental obstacles have you encountered in the production, procurement, use and/or promotion of CSPO and what efforts did you make to mitigate or resolve them?

Construction of a system to distinguish between certified products and non - certified products. Adoption of a monthly balancing seat, Cebu certification credit.

2 In addition to the actions already reported in this ACOP how has your organization supported the vision of RSPO to transform markets in other ways? (e.g. Funding; Engagement with key stakeholders; Business to business education/outreach)

Establishment of inclusion information with customers dealing with certified products.
