7.3 Your answers above indicate that you are not yet using 100% RSPO certified palm oil and oil palm products. Do you have plans to immediately cover the gap using Book & Claim?

No

Please explain why

Products that contain non-certified palm oils are for the industrial channel and the customer does not require this type of certification

GHG Footprint

8.1 Are you currently reporting any GHG footprint?

Yes

Report file: M-GHG-Emissions-Report.pdf

Support for Smallholders

9.1 Are you currently supporting any independent smallholder groups?

No

Do you have any future plans to support independent smallholders?

No

Challenges

1 What significant economic, social or environmental obstacles have you encountered in the production, procurement, use and/or promotion of CSPO and what efforts did you make to mitigate or resolve them?

European, Australian and also some Brazilian customers know what is RSPO. RSPO is not very known in Middle East and in Africa.

2 In addition to the actions already reported in this ACOP how has your organization supported the vision of RSPO to transform markets in other ways? (e.g. Funding; Engagement with key stakeholders; Business to business education/outreach)

We try to explain what is RSPO also in the promotional materials (brochure and poster in exposition).
