5. Actions for Next Reporting Period

5.1 Outline activities that you will take in the coming year to promote the use of RSPO-certified palm oil and oil palm products along the supply chain.

Our activities to promote and increase the use of RSPO certified palm oil will be divided into two main groups:

- 1) Downstream - We will work with food manufactures, distributors and refineries to increase the use of RSPO Palm Oil in their products. We will capture the stories of the small-growers associated with our supply chain and share them with customers to differentiate our products. We will expand our exports to new markets where sustainable palm oil is demanded.
- 2) Upstream - We will continue to add small-growers to our supply base who will work jointly with us to achieve certification. We have already identified an additional group of growers in Ecuador who have strong potential to become certified. We will continue our sustainability efforts with the communities and individuals associated with our organization
