We do not have processing facilities for palm products.

---

**3.4 Year expected to only handle/trade/process 100% RSPO-certified palm oil and oil palm products**2030

---

**3.4.1 If target has not been met, please explain why.**

As we have only just started promoting RSPO and sustainable palm oil products to our customers, it will take some time before we can conduct in the trading of 100% RSPO certified palm oil and products as we will have quite a large customer base spreading throughout the island of Singapore.

---

**3.5 Which countries do these commitments cover?**Singapore

---

**3.6 How do you proactively promote RSPO and RSPO-certified sustainable palm oil and oil palm products to your customers?**

We will do so by promoting it in our catalog and to our current consumers of palm oil products. Additionally, we will also be implementing and advocating oil recycling practices to further assist in the future sustainability of palm oil.

**5. Actions for Next Reporting Period**

**5.1 Outline activities that you will take in the coming year to promote the use of RSPO-certified palm oil and oil palm products along the supply chain.**

Our e-commerce site will soon be launched where RSPO logo will be indicated on the site. We will be using our catalog online and offline to promote and advocate the use of RSPO-certified palm oil.

RSPO will be on food products that are RSPO certified and they will be published so that there will be greater awareness to public. Moreover, this will educate clients and consumers in sustainable foods and making such considerations in their future choices. It will also serve as a source of traceability to inform them about the specifications of the food.

Additionally, rebates for oil recycling will be introduced to further bolster healthier oil management processors.
