Sometime, it was difficult to satisfy the needs of the customers because of the lack of a specific cosmetic ingredient desired, due to the limited availability of CSPO and CSPKO derivatives underlined by the manufacturers of raw materials. Furthermore, the higher cost of RSPO-certified raw material is not always well accepted and understood by customer, because they are not RSPO members and because someone prefers raw materials from other sources.

- Engagement with business partners or consumers on the use of CSPO
- Engagement with government agencies
