Challenges

1 What significant economic, social or environmental obstacles have you encountered in the production, procurement, use and/or promotion of CSPO and what efforts did you make to mitigate or resolve them?

he main challenge we are facing with our customers is that although they understand RSPO principles, they do not wish the embear the premiums forced over conventional prices. Speccially when this applies to laurics

2 In addition to the actions already reported in this ACOP how has your organization supported the vision of RSPO to transform markets in other ways? (e.g. Funding; Engagement with key stakeholders; Business to business education/outreach)

Engagement with main market players (i.e. multinational companies as customers).
