# Challenges

1 What significant economic, social or environmental obstacles have you encountered in the production, procurement, use and/or promotion of CSPO and what efforts did you make to mitigate or resolve them?

For procurement its economically costly.

2 In addition to the actions already reported in this ACOP how has your organization supported the vision of RSPO to transform markets in other ways? (e.g. Funding; Engagement with key stakeholders; Business to business education/outreach)

Since we are third party manufacturers, we are depending upon our customer requirement to produce the goods. Even though our organization insisting with the customer to use RSPO palm,
