There is a very bad Reputation for Palm Oil in Europe. The anti-Palm Oil campain like in Italy and now in the EU need more support / PR from the big Palm Oil producing companies. The consumer must be informed about the Advantages of Palm Oil and more about the measure of RSPO concerning the improval of the working conditions and the stop of deforestation in Malaysia /Indonesia.

2 In addition to the actions already reported in this ACOP how has your organization supported the vision of RSPO to transform markets in other ways? (e.g. Funding; Engagement with key stakeholders; Business to business education/outreach)

Business to Business education
