GoodLight was incorporated in September 2009 and begin producing our first candles later that year. Each year, we use the book-and-claim certificate system to account for all palm oil used in our candles. (First GreenPalm, now PalmTrace) Since we contract manufacture in Malaysia and China, our manufacturers source the palm ingredients from their existing suppliers (more than 90% of our ingredients are sourced from Wilmar). About half of the ingredients are palm derivatives. Sourcing 100% RSPO-certified sustainable derivatives has not been feasible, logistically or financially.
