### Challenges

1 What significant economic, social or environmental obstacles have you encountered in the production, procurement, use and/or promotion of CSPO and what efforts did you make to mitigate or resolve them?

Educate the workforce on the importance of compliance. We will form a task force to educate both the internal as well as the external stakeholders on the importance of this aspect of our business. This could be part of their KPI.

2 How has your organization supported the vision of RSPO to transform markets? (e.g. Funding; Engagement with key stakeholders; Business to business education/outreach)

Education for our workforce as well as for our suppliers.
