Challenges

1 What significant economic, social or environmental obstacles have you encountered in the production, procurement, use and/or promotion of CSPO and what efforts did you make to mitigate or resolve them?

Technical assessment required hiring external consultant to conduct the assessment eg; SEIA & HCV which are very costly. Working closely with consultant to find agreeable terms and condition for the task in which directly providing in-house training to our sustainability management team.

2 In addition to the actions already reported in this ACOP how has your organization supported the vision of RSPO to transform markets in other ways? (e.g. Funding; Engagement with key stakeholders; Business to business education/outreach)

The company currently working with independent smallholders & Outgrowers to get themselves certified with RSPO P&C .This is a very challenging task since they need to aware and convinced the economic returns of being RSPO membership besides initial capital to upgrade facilities in their fields. They have very limited resources and lack of fundings. As RSPO member, Tian Siang Holdings Sdn Bhd to assist them by providing technical advised and in terms of record-keeping an in-field good management practice.
