Operational Profile

1.1. What are the main activities of your organisation?

Manufacturing of cosmetic products (colour cosmetics, skin care, oral care)

1.2. Activities undertaken to promote sustainable palm oil, the RSPO and/or members in the reporting period

We offer to our costumers products which contains raw materials made out of palm oil or derivates. Therefore we always try to use products from suppliers which are RSPO certified.

1.3. Do you have any collaborations with the industry players/private sector to support them in the market transformation towards CSPO?

Yes

If yes, please give details:

We are in permanent contact wit ou suppliers and intend to convince the to use only palm oil which is RSPO certified, as most of our customers assume in future only products with certified palm oil.

If not, please explain why:

1.6. How is your work on palm oil funded?

- looking for new palm oil based raw materials containing sustainable palm oil - trying to replace palm oil based raw materials which are not containing sustainable palm oil

Actions for Next Reporting Period

2.1. Outline actions that will be taken in the coming year to promote sustainable palm oil.

- trying to convince more customers to accept higher prices due to avoid using not sustainable palm oil products

Challenges

1 What significant economic, social or environmental obstacles have you encountered in the production, procurement, use and/or promotion of CSPO and what efforts did you make to mitigate or resolve them?

A big problem of a small company like ours is that it is often impossible to get raw materials made out of certified palm oil in small quantities. Most of our suppliers have to purchase big quantities that they never can sell. So they rather decide to not offer this raw materials. We actually have no solution for this problem.

2 How would you qualify RSPO standards as compared to other parallel standards?
