Founded in Singapore in 1996, GAR now operates in 12 countries, and their products are shipped to more than 70 countries worldwide, including China, India and the United States as well as destinations in Europe and the Middle East. GAR was listed on the Singapore Exchange in 1999.

GAR is a global leader in palm oil production, producing more than 2.2 million tonnes of crude palm oil (CPO) in 2020. Manages approximately 536,000 hectares of plantations, including smallholder plantations, across Indonesia. Their downstream refineries and specialty products produce high quality products for the global agronomic, food, oleochemical and bioenergy markets. GAR has also launched a sugar storage and distribution business to enhance the company's shipping and logistics capabilities.

With large palm oil production comes great corporate social responsibility. GAR is on track to achieve its target of becoming 100 percent Traceable to Plantation (TTP) by achieving full TTP for 90% of its palm oil supply chain by the end of 2020. GAR is RSPO certified. 100 percent of their plantations have social and community development programs. They have also set aside 72,000 hectares for conservation.

PT Buana Wiralestari Mas has not developed any new areas since 2005. The last land clearing was carried out in 2002, so the management unit has no obligations regarding the RaCP procedure.

PT Mutuagung Lestari, is also known Mutu Certification International (MUTU), and has started as inspection, laboratory, and Certification body since 1990. As a private national company and supported with highly committed professionals, MUTU has gained recognition nationally and internationally. Since June 2003, MUTU has received recognition from the Ministry of Agriculture, Forestry, and Fishery of Japan (MAFF) as registered overseas certification body (ROCB). MUTU certify and mark products with Japan agriculture standard (JAS) covering Indonesia, Myanmar, Cambodia, Malaysia, Vietnam, Timor Leste, Philippines, Papua New Guinea and China. MUTU is the first ROCB in Asia. National Accreditation Committee has accredited MUTU as Quality Management System certification body (ISO 9001:2015) and Environmental Management System certification body (ISO 14001:2015). Indonesia Ecolabelling Institute (LEI) has also accredited MUTU as Sustainable Forest Management System certification body, Certification Body of Indonesian Sustainable Palm Oil (ISPO), Since March 2014, MUTU has been accredited by ASI (Accreditation Services International) as a RSPO certification body.
