RSPO membership number	1-0138-13-000-00
Brief information about Applicant	<p>Wild Asia (WA) is legally chartered as a Malaysian company (Reg. No: 634446-W) and operates as a “social enterprise”, a concept for a business with social or environmental missions and not for maximising shareholder returns. In simple terms, essentially a “not-for-profit” and earn income largely through the consultancies, training and other services provide.</p> <p>In a move to support small farmers in palm oil, the company created Wild Asia Group Scheme (WAGS). The aim is to address the challenges faced by independent small farmers by helping them improve their farming practices and supporting them towards compliance with international standards (for example, RSPO). WAGS is a community development initiative that would provide the working model for independent small farmers to ultimately improve their livelihoods by improving yields, having lower environment or social risks and ensuring access to the international market of sustainable palmoil.</p> <p>Established in 2012, the group scheme is now operational in Malaysia (Peninsular Malaysia and Sabah) and currently covers 278 farmers producing an estimated 3,089 tonnes of CPO. WAGS is actively seeking new partners to establish pilot projects in other palm producing countries and to work with existing RSPOcertified mills to extend their certification scope to small farmers.</p>
