Time-Bound Plan

2.1 Date of first supply chain certification (planned or achieved)

2011

2.2 Time-bound plan - Year expected to achieve 100% RSPO certification of all supply chains

2011

2.3 What are your interim milestones towards achieving this RSPO certification commitment (year and progressive CSPO%)? Please state annual targets/strategies.

We are currently ready to handle/supply RSPO certificated palm oil products subject to customer demand at any time. Until our interim milestones set here can be achieved, we intend to promote RSPO to our customers.

2.4 Timebound plan - Year expected to only "handle/supply" RSPO certified oil palm products

2021

2.5 What are your interim milestones towards achieving this RSPO certification commitment (year and progressive CSPO%)? Please state annual targets/strategies.

We are currently ready to handle/supply RSPO certificated palm oil products subject to customer demand at any time. Until our interim milestones set here can be achieved, we intend to promote RSPO to our customers.

2.6 How do you promote RSPO and RSPO certified sustainable palm oil to your customers proactively?

We introduce the RSPO's vision, concept, activities, history and current situation to interested customers from a variety of industries including food manufacturers and oleochemical producers in Japan and overseas. We became an ordinary member of the RSPO in 2004, making us the first Japanese trading company ("sogo shosha") to do so.

Actions for Next Reporting Period

4.1 Outline actions that you will take in the coming year to promote CSPO use along the supply chain

We will continue promoting the use of RSPO certified sustainable palm oil to our customers in line with our Timebound Plan.
However, our ability to achieve the goal is entirely dependent on customer demand given our role as a trader.

6.2 Where relevant, what prevents you from trading/processing only CSPO?

We are currently ready to supply CSPO to customers who request it. The primary hurdle to trading exclusively in CSPO is low customer demand.

Commitments to CSPO uptake

As you don't source 100% CSPO through physical supply chains (IP/SG/MB), please answer the following questions: Do you have plans to?

Yes

Challenges

1 What significant economic, social or environmental obstacles have you encountered in the production, procurement, use and/or promotion of CSPO and what efforts did you make to mitigate or resolve them?

We are ready to increase the percentage of CSPO that we handle for our customers, however this is entirely subject to customer demand. There are no significant obstacles for us in promoting CSPO, and going forward we would like to work together with our customers to find new methods of engagement.

2 How would you qualify RSPO standards as compared to other parallel standards?

3 How has your organization supported the vision of RSPO to transform markets? (e.g. Funding; Engagement with key stakeholders; Business to business education/outreach)

As a one of the major Japanese trading companies and a member of RSPO, Mitsubishi Corporation will continue to promote RSPO to our customers and other stakeholders, both in Japan and overseas.

4 Other information on palm oil (sustainability reports, policies, other public information):

We are trading palm oil not only in Japan but also other foreign countries directly or indirectly through subsidiaries. Since we are trading company, our trading of CSPO is entirely subject to customer demand. There are no significant obstacles for us in promoting CSPO, and going forward we would like to work together with our customers to find new methods of engagement.
