 China --%  
 South East Asia --%  
 North America --%

**1.6 What is the percentage of certified sustainable palm kernel oil in the total palm kernel oil your company sells in:**

Europe --%  
 India --%  
 China --%  
 South East Asia --%  
 North America --%

**Time-Bound Plan****2.1 Date of first supply chain certification (planned or achieved)**

2011

**Comment:**

we achieved, start date certificate is 9th Nov 2012, and first cert date is 9th Nov 2011

**2.2 Time-bound plan - Year expected to achieve 100% RSPO certification of all supply chains**

2018

**Comment:**

we expect that our all customers will understand the importance of RSPO and will connect supply chain from up to down

**2.3 What are your interim milestones towards achieving this RSPO certification commitment (year and progressive CSPO%)? Please state annual targets/strategies.**

in 2015, we could not increased the CSPO volume. in 2016, our target is more than 10,000MT CSPO, which is more than 2% of total volume. main our customers are Japanese, and they are getting to understand importance of RSPO. we will try to convince our all customers in order to prevail the CSPO oil into the retail market. we will try to achieve it, which is subject to our customer's understanding.

**2.4 Timebound plan - Year expected to only "handle/supply" RSPO certified oil palm products**

2020

**Comment:**

in order to handle only RSPO cert oil, we have to promote the oil to all our customers. We are trying to get more understanding of RSPO from our cutomers. we are trader, so our business is not able to exist without our customers. We will achieve the commitment, which is subject to our customer's acknowledgement and understanding of RSPO.

**2.5 How do you promote RSPO and RSPO certified sustainable palm oil to your customers proactively?**

we are having the seminar of RSPO and the oil to our customers periodically, and also we advise our customers to get certification of RSPO.

**2.6 Which countries that your organization operates in do the above own-brand commitments cover?**

- Japan

**GHG Emissions****3.1 Are you currently assessing the GHG emissions from your operations?**

No

**Please explain why**

we are trader, so it is difficult to assess it.

**3.2 Do you publicly report the GHG emissions of your operations?**

No

**Please explain why**

we are trader, so it is difficult to assess it.

**Actions for Next Reporting Period****4.1 Outline actions that you will take in the coming year to promote CSPO use along the supply chain**

we will explain the importance of RSPO to our customers not only Japan, but also other countries. also, if any communication with the endo-user or retailer, we will promote the RSPO oil every time.

**Reasons for Non-Disclosure of Information****5.1 If you have not disclosed any of the above information please indicate the reasons why**

Confidential

**Application of Principles & Criteria for all members sectors****6.1 Related to your sourcing, do you have (a) policy/ies, that are in line with the RSPO P&C such as:**

- Ethical conduct and human rights  
[P-Policies-to-PNC-ethicalconducthr.pdf](#)

**6.2 Where relevant, what prevents you from trading/processing only CSPO?**

our customers do not want to pay the premium of CSPO, which they have not understood the importance of CSPO.

**Commitments to CSPO uptake**

**As you don't source 100% CSPO through physical supply chains (IP/SG/MB), please answer the following questions: Do you have plans to?**

Yes

**Please specify:**

we will try to convince our customers to understand the importance of CSPO. therefore, once we can convince all our customers, we can take up all 100% CSPO in the future.

**7.1. Do you have plans to immediately cover the gap using Book & Claim?**

No

**Please explain why:**

We will have to check our customers, and convince them. then, once we can convince them, we maybe able to do it.

**Concession Map****Do you agree to share your concession maps with the RSPO?**

No

**Please explain why: --**

## Challenges

### 1 What significant economic, social or environmental obstacles have you encountered in the production, procurement, use and/or promotion of CSPO and what efforts did you make to mitigate or resolve them?

obstacles are to get understanding of RSPO to our customers. Some of the customers do not understand it, so we had seminar of CSPO to our customers to get more understanding of the CSPO.

---

### 2 How would you qualify RSPO standards as compared to other parallel standards?

--

---

#### Cost Effective:

Yes

---

#### Robust:

No

---

#### Simpler to Comply to:

Yes

---

### 3 How has your organization supported the vision of RSPO to transform markets? (e.g. Funding; Engagement with key stakeholders; Business to business education/outreach)

at first, we sent some people to educate RSPO to Malaysia for last 3years to understand more about RSPO. also, not so many Japanese customers do not belong to RSPO, so we recommend the potential customers to enter RSPO, and explain the importance of RSPO. Even, we explained the most of our customer's management in order to support vision of RSPO in Japan.

---

### 4 Other information on palm oil (sustainability reports, policies, other public information)

on our website, we are declaring about environmental matter as follows. Mitsui & Co. seriously strives to comply with environmental-related laws and regulations in conducting its business. As a global group, we, not only establish way of workings to ensure the relevant compliance through environment management system, but also conduct diverse training, research and site verification activities for our employees to gain full awareness of various environmental-related laws and regulations in domestic and international settings to ensure compliance with the laws and regulations.
