Time-Bound Plan**3.1 Year of first supply chain certification (planned or achieved)**

2016

Comment:

The first SCC has been achieved in 2016.
Received supply chain certification in March 2016 for MB oils.

3.2 Year expected to/or started to handle/trade/process any RSPO-certified palm oil and oil palm products

2016

Comment:

Although, we have achieved our first supply chain certification in MB oils in March 2016, we have only been buying palm oils from RSPO members since 2014.

This practice we will continue in the future as well.

3.3 Year expected to achieve 100% RSPO certification of all supply chains

2020

Comment:

This expectation of achieving 100% RSPO certification of all supply chains entirely depends upon our customers requirement, for whom we buy the oils.

If the customer wants a specific oil i.e. Segregated or IP, only then will we pursue the relevant certification.

Also to note here, are the high premiums associated with such oils as you move up the RSPO certification supply chain. Very high premiums and product un-availability may discourage customers from getting oils like Segregated, IP etc.

3.4 Year expected to only handle/trade/process 100% RSPO-certified palm oil and oil palm products

2020

Comment:

As explained in 3.3, the expectation of only handling 100% RSPO certified palm oil and oil palm products will entirely depends upon our customers requiring such products for whom we buy the oils.

Challenges

1 What significant economic, social or environmental obstacles have you encountered in the production, procurement, use and/or promotion of CSPO and what efforts did you make to mitigate or resolve them?

The sources for CSPO have become limited; hence its has become expensive with suppliers charging high premiums. We hope that as awareness for RSPO CSPO will grow, this factor will eventually be mitigated.

2 How has your organization supported the vision of RSPO to transform markets? (e.g. Funding; Engagement with key stakeholders; Business to business education/outreach)

Since majority of our customers are large MNCs, supporting RSPO has not been an issue.
