Time-Bound Plan

2.1 Date of first supply chain certification (planned or achieved)

2016

2.2 Time-bound plan - Year expected to achieve 100% RSPO certification of all supply chains

2021

2.3 What are your interim milestones towards achieving this RSPO certification commitment (year and progressive CSPO%)? Please state annual targets/strategies.

Because of a recent visit of the representative of the RSPO to Latin America, we have reformulated our strategy. The first step will be to form the working groups which must be validated by the RSPO and likewise start again with the socialization process of National Interpretation of RSPO, we expect this to materialize by mid-2016 after it, we send all the documents and the final IN RSPO to the RSPO authorities for review.

2.4 Timebound plan - Year expected to only "handle/supply" RSPO certified oil palm products

2025

2.5 What are your interim milestones towards achieving this RSPO certification commitment (year and progressive CSPO%)? Please state annual targets/strategies.

We was making campain of sensibility aboaut RSPO.
 We had metting with de CEO of our customers (Sensitivity talks)

2.6 How do you promote RSPO and RSPO certified sustainable palm oil to your customers proactively?

During these years we've been working the socialization of the RSPO certification as an opportunity to demonstrate the sustainable cultivation of palm oil as a viable economic option and friendly to the environment.
 It has been shown that certification of the RSPO allow us to open the door to a much more demanding international market and seeking sustainability commitments.

Challenges

1 What significant economic, social or environmental obstacles have you encountered in the production, procurement, use and/or promotion of CSPO and what efforts did you make to mitigate or resolve them?

The main obstacle was found to socialize RSPO certification was because we did not have an advisor who tell us how to follow the process, it was not clear how to work the national interpretation of Peru.

Thanks to communication RSPO representative for Latin America, and .visita our country, he fully explained to us the whole process and the steps we must take to achieve RSPO certification also we organized four days of meetings with the major players in the oil chain, during his visit to Lima we organized meetings with state entities that showed interest in participating in the iN. In addition, we organized a meeting with the major environmental organizations that are now open to participate in future workshops for national interpretation of RSPO.

2 How would you qualify RSPO standards as compared to other parallel standards?

--

Cost Effective:

No

Robust:

Yes

Simpler to Comply to:

No

3 How has your organization supported the vision of RSPO to transform markets? (e.g. Funding; Engagement with key stakeholders; Business to business education/outreach)

We have training programs for our plant operators that focus on process improvement approaches according to the RSPO. We also have training for growers on improved post harvest process according to sustainability approaches.
