Time-Bound Plan**2.1 Date of first supply chain certification (planned or achieved)**

2017

2.2 Time-bound plan - Year expected to achieve 100% RSPO certification of all supply chains

2021

2.3 What are your interim milestones towards achieving this RSPO certification commitment (year and progressive CSPO%)? Please state annual targets/strategies.

As the process of National Interpretation of the RSPO in Peru has not been completed, we have reformulated the deadlines and goals. To conclude this process needs to be established working groups to complete the remaining work, preparing the document for national interpretation, socialize and validate with different stakeholders and finally submitted to the RSPO for final approval. This process is expected to conclude by the end of 2016, so certification can be made in 2017.

2.4 Timebound plan - Year expected to only "handle/supply" RSPO certified oil palm products

2025

2.5 How do you promote RSPO and RSPO certified sustainable palm oil to your customers proactively?

During these years we have been working on the socialization of RSPO certification as an opportunity to demonstrate that the palm oil industry is an economically viable option and respectful with the environment. It has been shown that the RSPO certification allow us to open the doors to more demanding international markets seeking commitments to economic, social and environmental sustainability.

2.6 Which countries that your organization operates in do the above own-brand commitments cover?

- Peru

GHG Emissions**3.1 Are you currently assessing the GHG emissions from your operations?**

No

Please explain why

We do not apply GHG assessments but will work on it for future years.

3.2 Do you publicly report the GHG emissions of your operations?

No

Please explain why

No, because at the moment we apply GHG assessments

Actions for Next Reporting Period**4.1 Outline actions that you will take in the coming year to promote CSPO use along the supply chain**

We will do an awareness campaign on the importance of RSPO our customers; we will develop a training program on RSPO standards for personnel responsible for leading the implementation

Application of Principles & Criteria for all members sectors

6.1 Related to your sourcing, do you have (a) policy/ies, that are in line with the RSPO P&C such as:

6.2 Where relevant, what prevents you from trading/processing only CSPO?

We are currently in the phase adaptation of national interpretation of the RSPO for our country. When we complete this phase, we will develop the process to obtain the RSPO certification and begin trading CSPO.

Commitments to CSPO uptake

As you don't source 100% CSPO through physical supply chains (IP/SG/MB), please answer the following questions: Do you have plans to?

No

Please explain why:

No, because we are producers of CPO and PKO

7.1. Do you have plans to immediately cover the gap using Book & Claim?

No

Please explain why:

No, because we are producers of CPO and PKO

Concession Map

Do you agree to share your concession maps with the RSPO?

No

Please explain why: At the moment we can not provide that information but we will in the future.

Challenges

1 What significant economic, social or environmental obstacles have you encountered in the production, procurement, use and/or promotion of CSPO and what efforts did you make to mitigate or resolve them?

The main obstacle to implementing the RSPO principles and criteria was that it was clear the process that we follow, and that national interpretation was inconclusive. In the second half of 2015, a new area was created in the company, called System Management and Sustainability, with the aim of developing the process of implementing the RSPO standards in the company.

2 How would you qualify RSPO standards as compared to other parallel standards?

--

Cost Effective:

No

Robust:

Yes

Simpler to Comply to:

No

3 How has your organization supported the vision of RSPO to transform markets? (e.g. Funding; Engagement with key stakeholders; Business to business education/outreach)

We have training programs for our plant operators that focus on process improvement approaches according to the RSPO. We also have training for growers on improved post-harvest process according to sustainability approaches.
