Challenges

1 What significant economic, social or environmental obstacles have you encountered in the production, procurement, use and/or promotion of CSPO and what efforts did you make to mitigate or resolve them?

Customers are sometimes not receptive to the price increase of products because they contain sustainable RSPO oil, however, awareness is raised about social and environmental issues that lead to a levy to meet this requirement.

2 In addition to the actions already reported in this ACOP how has your organization supported the vision of RSPO to transform markets in other ways? (e.g. Funding; Engagement with key stakeholders; Business to business education/outreach)

The company doesn't have plans for any further actions at the moment.
