We get some fund from our Donors/ Partners and also grants.

Time-Bound Plan**2.1 Date started or expected to start participating in RSPO working groups/taskforces**

2004

2.2 Date expected to undertake and publicise programmes to support RSPO, RSPO certification, uptake of RSPO certified sustainable palm oil and oil palm products and/or good standing RSPO members.

2005

Actions for Next Reporting Period**3.1 Outline actions that you will take in the coming year to promote sustainable palm oil along the supply chain**

Some of our plan is:

1. Conducting public consultation for new RSPO P&C to gather any input and insight from wider stakeholders;
2. Seeking potential collaboration with local government to absorb sustainable norm and RSPO P&C into local regulation;
3. Continue our engagement with local/ indigenous communities and supportive CSOs-CBOs and RSPO members companies over a series of disputes about land and rights.

GHG Footprint**4.1 Are you currently reporting any GHG footprint?**

No

Please explain why

Application of Principles & Criteria for all members sectors

5.1 Do you have organizational policies that are in line with the RSPO P&C, such as:

- Water, land, energy and carbon footprints
- Land Use Rights
- Ethical Conduct
- Labour rights
- Stakeholder engagement
- None of the above

5.2 What best practice guidelines or information has your organization provided in the past year to facilitate production and consumption of RSPO certified sustainable palm oil and oil palm products? What languages are these guidelines available in?

We did not produce any information last year, we still have a plan to modify and update some publication about RSPO were we produce in the past (at least until 2013).
The documentation is available in Indonesia and English.

Challenges

1 What significant economic, social or environmental obstacles have you encountered in the production, procurement, use and/or promotion of CSPO and what efforts did you make to mitigate or resolve them?

2 In addition to the actions already reported in this ACOP how has your organization supported the vision of RSPO to transform markets in other ways? (e.g. Funding; Engagement with key stakeholders; Business to business education/outreach)

We conducting some approach, eg: 1. Approaching National and Local Government to consider and acknowledge about global sustainable standard on production and consumption of palm oil and translate it to the legal frameworks; 2. Education to the public consumer especially in urban communities to be more aware about sustainable palm oil product; 3. Empowering indigenous and local communities to be able to engage with RSPO standard and mechanism, especially to used it for monitoring and controlled the production in the field; 4. Engaging and encouraging RSPO to really implement the standard in the operational levels, especially in handling and resolving conflict between community and RSPO member company; 5. Lobby to relevant stakeholders, in particular with buyer and market to be more aware and ensured the implementation of sustainable commitment by producer along the supply chain. We also have collaboration with Indonesia Business Council for Sustainable Development.
