Total volume of palm oil and derived products sold in your own brand products per year? (mt)

Time-bound plan

Time-bound plan - Year expected to achieve 100% RSPO Certified Sustainable Palm Oil in your own brand products:

Jan-11

What are your interim milestones towards achieving this RSPO Certified Sustainable Palm Oil Commitment (year and progressive CSPO%) - please state annual targets/strategies:

We are since Jan 2011 securing 100% of the palmoil based materials we use for candles and food with Green Palm certificates. Actually we are buying a lot more certificates than needed to cover 100% due to too high forecast on our volume needed. We are working towards fully segregated palm material.

Targets for next reporting period

Outline actions that will be taken in the coming year to promote sustainable palm oil:

Continue to buy Green palm certificates for all volumes. Active involvement in the RSPO Trade and traceability group. Through backwards integration with suppliers work towards fully segregated certified palm material. One of the founding members of the UNDP initiative towards more sustainable palm oil production.
