**Confirmation of Compliance of PT Agrindo Indah Persada to RSPO New Planting Procedures**

As part of an initiative to comply with the RSPO New Planting Procedures, PT Agrindo Indah Persada (a subsidiary of Wilmar International Group) has conducted a Social and Environment Impact Assessment (SEIA) and High Conservation Value (HCV) assessment of their planned new planting area for an estimated area of 500 ha located in Merangin District, Jambi, Indonesia (Geographic coordinates: S 1°54' to 1°56' and E 102°4' to 102°7'). A verification-audit of the company's SEIA and HCV assessment process was conducted and the audit results have been reviewed by TUV Rheinland Malaysia Sdn. Bhd.

Based on review of the verification-audit results, TUV Rheinland Malaysia Sdn. Bhd. is pleased to confirm that the SEIA and HCV assessments of PT Multi Jayantara Abadi have been carried out and results have been incorporated into the planning and management of the planned new planting area in accordance with the requirements of the RSPO New Planting Procedures as well as relevant RSPO Principles, Criteria and Indicators (CR2.2, 2.3, 5.1, 5.2, 6.1, 6.4, 7.1, 7.3, 7.4, 7.5 and 7.6).

Thank you.

Yours Sincerely,  
TUV Rheinland Malaysia Sdn. Bhd.
