Established in 1996, GAR now has operations across 14 countries, and our products are delivered to around 100 countries worldwide, including China, India and the USA as well as various destinations in Europe and the Middle East. GAR was listed on the Singapore Exchange in 1999.

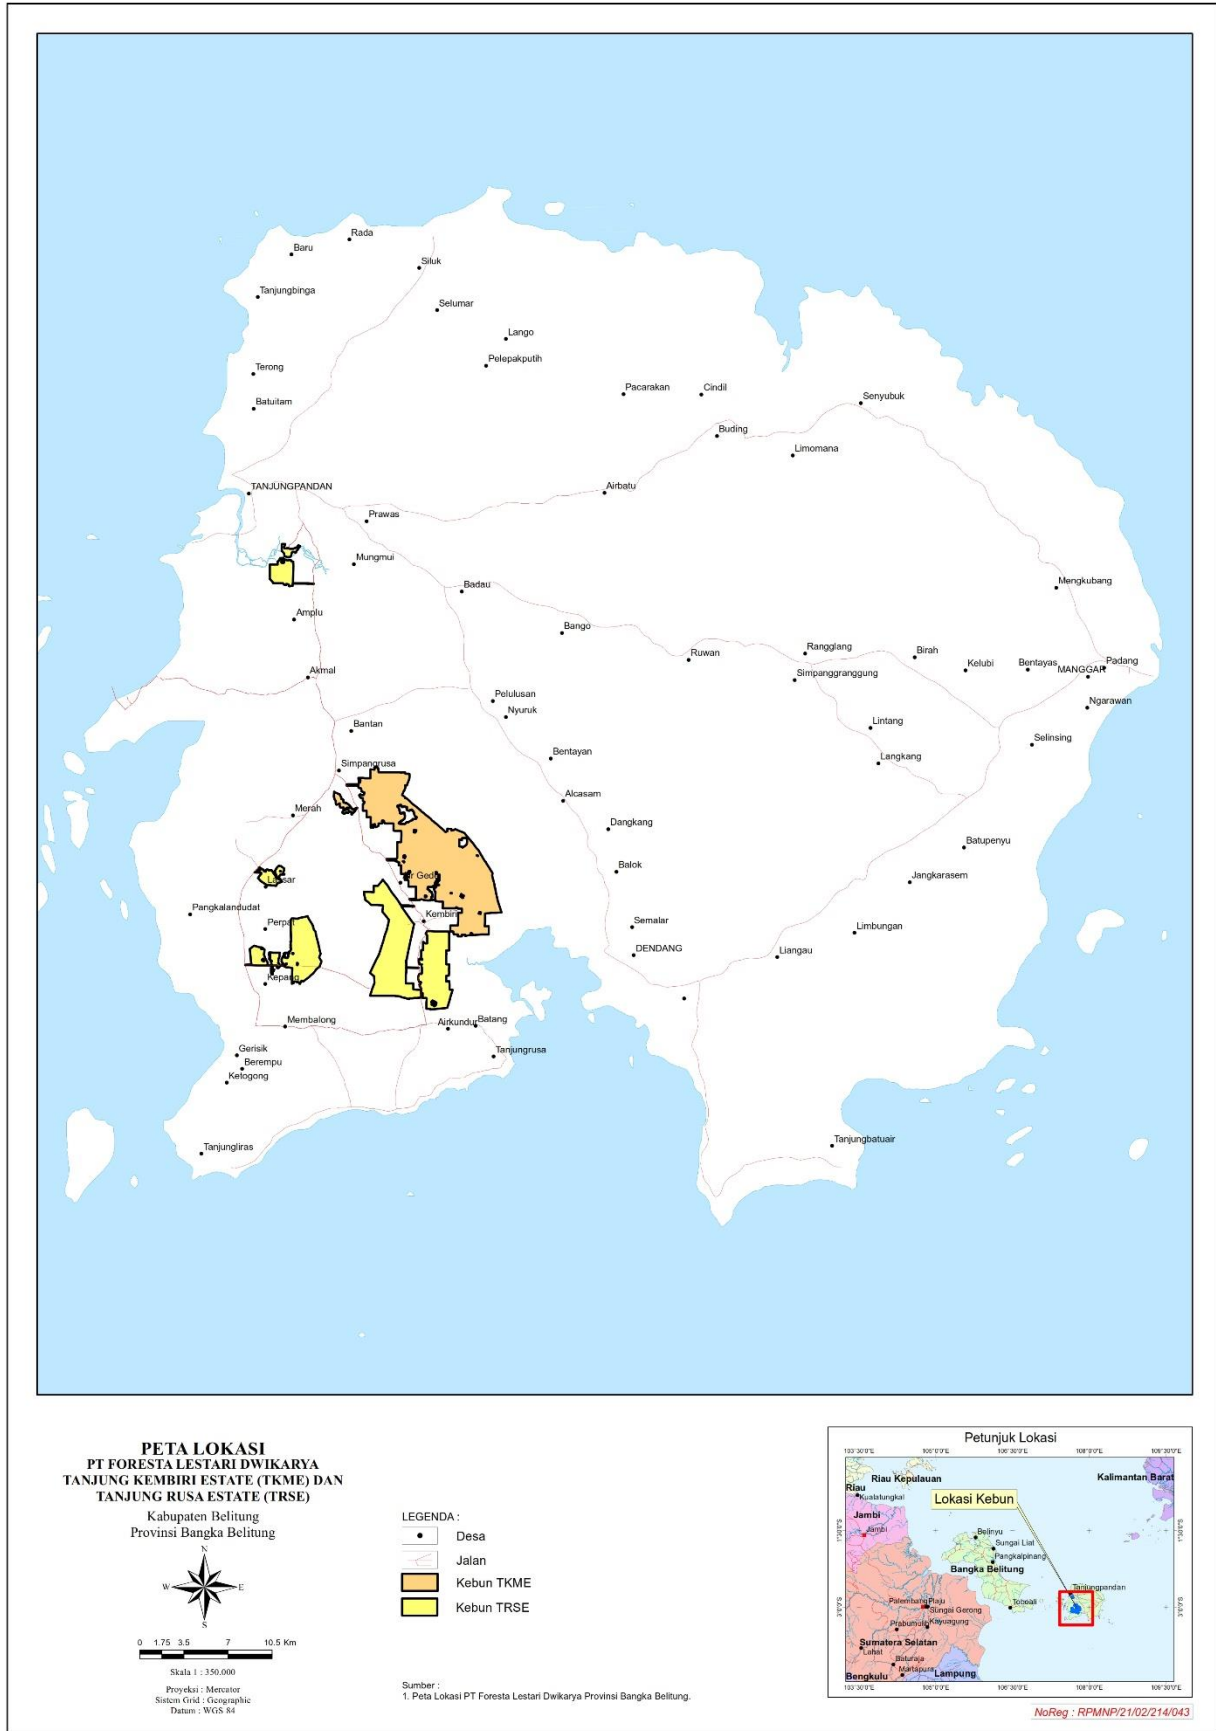

GAR is a global leader in palm oil production, producing more than 2.43 million tonnes of crude palm oil (CPO) in 2022. We manage about 538,000 hectares of plantations, including smallholder farms, across Indonesia. Our downstream refining and specialty product facilities manufacture high-quality products for the global agronomy, food, oleochemical, and bioenergy markets. We have also launched a sugar storage and distribution business to leverage our shipping and logistics capabilities.

The sheer scale and vertically integrated nature of our operations enable our team of over 100,000 people to ensure efficiency, quality and sustainability across our supply chain. Our operations are innovation-driven and sustainability led, to ensure that GAR remains a global leader in sustainable palm oil production and your partner of choice.

GAR is at forefront of agronomy and technology thanks to our focus and investment in R&D. We have also been expanding our downstream capacity. GAR has cultivated a global, diversified customer base through strong distribution, branding, merchandising, destination processing, shipping and logistics.

With great palm oil production comes great corporate social responsibility. GAR is on track to hit our target to become 100 percent Traceable to Plantation (TTP) by achieving full TTP for around 98 percent of palm supply chain at the end of 2022. 100 percent of our plantations have social and community development programmes in place. We have also set aside 79,900 hectares for conservation.
