| Brief information about Applicant | The WAGS Eastern Sabah (formerly known as Wild Asia Group Scheme (WAGS) Beluran) project was initiated in May 2012 as part of a formal collaboration with MPOB to help support small farmers towards RSPO certification. Wild Asia's role was to provide technical support in developing a Group Scheme model that helps smallholders reach the requirements of internal standards in oil palm production. MPOB ran a Sustainable Palm Oil Cluster Programs (SPOC) which focused on getting farmers to practice good agricultural practices, while Wild Asia focuses more in improving the performance of farmers in environmental and social aspects. |
