Actions for Next Reporting Period

5.1 Outline actions that you will take in the coming year to promote the use of RSPO certified sustainable palm oil and oil palm products along the supply chain

In 2013, DSM Nutritional Products made a commitment to source all palm oil and palm oil derivatives in a sustainable manner. In 2013 and 2014, we used GreenPalm certificates under the "Book & Claim" scheme to cover practically all of the material we purchase. In June 2015 two main production sites of DSM Nutritional Products have achieved to become RSPO Mass Balance certified. It is our intention to progress to RSPO Mass Balance certification for all palm oil and palm kernel oil derivatives at all sites and at the same time we aim to start to work towards RSPO Segregation Certification as soon as these materials become available in the market. Already beginning of 2017 two production sites of DSM Nutritional Products have achieved to become RSPO Segregated certified.
