Challenges

1 What significant economic, social or environmental obstacles have you encountered in the production, procurement, use and/or promotion of CSPO and what efforts did you make to mitigate or resolve them?

We faced challenges in product procurement as RSPO certified oils are not always available to cover our needs and with some suppliers who have to low volume to be able to supply. Some suppliers do not understand the process of RSPO, so we have to explain our needs and educate them on the RSPO certification.

2 How has your organization supported the vision of RSPO to transform markets? (e.g. Funding; Engagement with key stakeholders; Business to business education/outreach)

Business to business education, education of our suppliers about RSPO.
