Actions for Next Reporting Period

5.1 Outline actions that you will take in the coming year to promote the use of RSPO certified sustainable palm oil and oil palm products along the supply chain

In 2018, apart from those volumes of RSPO certified products covered by RSPO Palm Trace credits we expect to:

- Acquire RSPO Mass Balance certified products for certain customers.
 - Increase the number of suppliers that can offer RSPO certified alternatives to our raw materials. In addition, we must take in account that many raw materials have currently no RSPO certified alternatives.
-

Reasons for Non-Disclosure of Information

Challenges

1 What significant economic, social or environmental obstacles have you encountered in the production, procurement, use and/or promotion of CSPO and what efforts did you make to mitigate or resolve them?

We must take in account that many raw materials have currently no RSPO Mass balance or Segregated certified alternatives and those that exist are usually overpriced. Increase of prices for certified raw materials has become a challenge for his own use and the business continuity.

2 In addition to the actions already reported in this ACOP how has your organization supported the vision of RSPO to transform markets in other ways? (e.g. Funding; Engagement with key stakeholders; Business to business education/outreach)

Business to business education
