Comment:

Not applied.

7.3. Your answers above indicate that you are not yet using 100% RSPO certified palm oil and oil palm products. Do you have plans to immediately cover the gap using Book & Claim?

Yes

When do you plan to cover the gap using Book and Claim?

2018

GHG Footprint

8.1 Are you currently reporting any GHG footprint?

No

Please state if you have any future plans to do so?

Probably in 2020. Our group did not have any land use changes since 2006, and currently is managing its plantations using minimum tillage practices and implementing a new project to produce energy from biogas.

Support for Smallholders

9.1 Are you currently supporting any independent smallholder groups?

Yes

Please state the markets where you use or intend to apply the Trademark and when you plan to start

Support with technical assistance and preparing projects for capital access to small holders from private bank loan programs from government supporting policies.

Challenges

1 What significant economic, social or environmental obstacles have you encountered in the production, procurement, use and/or promotion of CSPO and what efforts did you make to mitigate or resolve them?

There is a asymmetric process of competition of foreign sources of palm oil - even certified - which have been produced under less stringent environmental and labour national and regional legal frameworks. The main option to mitigate this problem is to be productive and effective.

2 In addition to the actions already reported in this ACOP how has your organization supported the vision of RSPO to transform markets in other ways? (e.g. Funding; Engagement with key stakeholders; Business to business education/outreach)

Awareness campaign, education of stakeholders, lectures to key decision makers and other initiatives associated with sustainability.
