Comment:

Nordgetreide neither manufactures own-brand products nor plans to do so. Most important: Please note that Nordgetreide does not manufacture own brand products at all and has no plans to do so in the foreseeable future. Thus, we cannot complete questions 3.2 to 3.4 as required unfortunately. The year before last year, in regards to the time bound plan of the ACOP Report for 2014, Stefano Savi gave us the following advice on this matter already: "When filling up the form, please report that your Company does not manufacture own-brand products but private-label products and ingredient-products. Please account for any volumes for B2B-product for further processing as private-label products volumes. Your form will be accepted although no volumes are entered for own-brand section. I hope this clarifies and please let us know if you are experiencing any issues with this". Letchumi Achanah provided the following advice: "Could you please complete the report where applicable with a same note at the end. Additionally I upon submission of the form, please do drop an email acop@rspo.org to clarify the situation. I shall also make a note on our end on the reasons so that it would not cause any inconvenience for your organization upon submission." This Situation has not changed since then. So, We would like to ask you to accept our ACOP Report for year 2016 again please, without having completed questions 3.2 to 3.4.
